Answer:

We will call you on the date and time entered on your appointment letter, at the telephone number that you provided on your application.

Question:

What if I need a different time or want to use a different telephone number?

Answer:

When you receive your appointment letter, a telephone number will be provided for you to call if you wish to change the appointment date, time or telephone number where you want to be reached.

Question:

What if I miss the call?

Answer:

We will attempt to call you three additional times. We will call every ten minutes. You will need to contact your worker to schedule a new appointment if we are unable to reach you.
